To

The Superintending Engineers of Circles.

Sub:- Scheme for training Road Engineers and Engineering Subordinates in Soil Stabilization Work.

...

I am directed to inform you that the Government of the Puhjab, Public Works Department, Buildings and Roads Branch, have decided to institute two courses, each of three months, duration, for the training of Road Engineers and otherxin in Soil Stabilization work from 15th September 1952 to 15th December 1952, and from 1st January 1953 to to 31st March 1953, respectively. I am accordingly to request you to suggest the names of one Deputy Engineer, two Overseers and two Laboratory Assistants from your Circle for deputation to each of the courses separately, by the 31st May 1952 at the latest.

By order of the Govr. of Bombay,

Office of the
Superintending Engineer, S.C.
Belgaum: 26th May 1952.

Subject :- Scheme for training Road Engineers and Engineering Subordinates in Soil Stabilization work - -

Reference :- G.L.P.W.D.No.T.G.O.1652-E of 24th April 1952

2. The names of two Deputy Engineers proposed for deputation to each of the two courses in Soil stabilization are given below :-

(1) Shri.N.C.Joshi Deputy Engineer for the first course

(2) Shri.D.R.Ramamurthy for the 2nd course.

3. As regards deputation of Overseers for training in Soil stabilization work I am sorry I cannot suggest any overseer at present for being sent for training because of the shortage of overseers as due to starting of scarcity works in Belgaum and Bijapur Divisions in this Circle, Some 8 overseers were required to be posted on such works and 18 more overseers and Sub-Overseers had to be deputed to Gujarat for scarcity works. It is also not considered necessary to send overseers to Punjab for training as the requisite facilities are provided by the Executive Engineer Gangapur Storage Division vide his endorsement No.DB/1774 dated the 8th February 1952 and some Overseers are proposed to be sent there.
